

APRIL 2019

CURRICULUM VITAE

(William) Bruce CAMPBELL

Index to CV

- 3 Medical education
Degrees and qualifications
Awards and Prizes
- 4 Appointments
- 5 Learned societies, memberships and fellowships
- 7 Committees and working parties: national, regional, district
- 12 Editorial appointments, reviewing
- 13 Meetings initiated and organised
Invited Chair. Invited teacher + Examining.
- 16 Research grants
- 17 Presentations to Learned Societies and other national/international meetings
- 28 Invited presentations for NICE

PUBLICATIONS

- 33 Thesis. Books. Monographs.
- 34 Articles and reviews in journals
- 54 Regular articles for NICE in Ann R Coll Surg Engl
- 57 Chapters in books
- 62 Educational videos. Patient information material
- 63 Abstracts
- 76 Selected publications as member of a group or contributor

MEDICAL EDUCATION

1969-1974 Medical College of St Bartholomew's
Hospital, University of London

DEGREES AND QUALIFICATIONS

University and Royal College:

1974 MB, BS Honours and Distinction in Surgery
1978 FRCS (England)
1979 MRCP (UK)
1984 MS (London)
1996 FRCP (London)

AWARDS AND PRIZES

Undergraduate

1970 Treasurer's prize in Practical Anatomy
1970 First Junior Scholarship in Anatomy and Physiology.
1971 Harvey Prize in Practical Physiology
1971 Prize in Pharmacology
1971 First Senior Scholarship in Anatomy, Physiology and Biochemistry.
1972 Bentley Prize (Surgical Cases)
1972 Knott Surgical Prize
1973 Matthews Duncan Prize in Obstetric Medicine and Gold Medal.
1974 Brackenbury Scholarship in Surgery
1974 Brackenbury Scholarship in Medicine
1974 Sir George Burrows Prize in Pathology
1974 Walsham Prize in Surgical Pathology

Postgraduate

1976 Hallett Prize for Primary FRCS (England)
1983-1984 Hunterian Professor, Royal College of Surgeons of England
1983 Golden Stethoscope Award from the Medical Students of Oxford
University for the best Clinical Teacher
2010 Peninsula Medical School award for the Outstanding Foundation
Educational Supervisor in Exeter
2011 Kinmonth Medal, Royal College of Surgeons of England
2014 Lifetime Achievement Award, Vascular Society of GB and Ireland
2018 Egon Jonsson Award from Health Technology International (HTAi) for
the best published paper of the year (Campbell B, et al. A new health technology
assessment system for devices ... Int J Tech Assess Health Care 2017: 33; 1-6).

Other qualifications:

1994 ATLS (Advanced Trauma Life Support)
1994 ATLS Instructor (reverified 1998)

PRESENT APPOINTMENTS

Clinical:

Consultant Vascular Surgeon at Exeter Medical and at the Exeter Nuffield Hospital
Honorary Consultant Surgeon at the Royal Devon and Exeter NHS Foundation Trust

Academic:

Honorary Professor, University of Exeter Medical School
Since 2000

Non-Executive Director:

Medicines and Healthcare products Regulatory Agency (MHRA)
Appointed 2015-8. Reappointed 2018-21.

PREVIOUS CLINICAL APPOINTMENTS

April 1986 – December 2015 Consultant in General Surgery with a special interest in peripheral vascular surgery, Royal Devon and Exeter Healthcare Trust.

Training

| | |
|----------------------|--|
| Jan 1975 - June 1975 | HP Medicine, Luton and Dunstable Hospital. |
| July 1975 - Dec 1975 | HS Surgery, Professorial Surgical Unit, St Bartholomew's Hospital, London. |
| Jan 1976 - June 1976 | Primary FRCS course, RCS London General Practice (London) |
| July 1976 - Dec 1976 | SHO Accident and Orthopaedics, Luton and Dunstable Hospital. |
| Jan 1977 - June 1977 | SHO General Surgery, St Peter's Hospital, Chertsey |

Southampton Registrar Rotation

| | |
|----------------------|---|
| July 1977 - Dec 1977 | General and Vascular Surgery |
| Jan 1978 - Dec 1978 | Neurosurgery, Wessex Neurological Unit. |
| July 1978 - Dec 1978 | General Surgery and Urology |
| Jan 1979 - June 1979 | Orthopaedics |

Bristol linked appointments

| | |
|-----------------------|---|
| Sept 1979 - Sept 1980 | General Surgery and Gastroenterology, Frenchay Hospital, Bristol. |
| Oct 1980 - Sept 1981 | Vascular and General Surgery, University Department of Surgery, Bristol Royal Infirmary and Bristol Royal Hospital for Sick Children. |
| Oct 1981 - June 1983 | Research Fellow in Vascular Surgery, University Department of Surgery, Bristol Royal Infirmary. Honorary Senior Registrar, Bristol and Weston Health Authority. Tutor in Surgery, University of Bristol |

Senior Registrar Rotation, John Radcliffe Hospital, Oxford.

Clinical Lecturer in Surgery, University of Oxford
Honorary Senior Registrar, Oxford Regional Health
Authority

July 1983 - Oct 1983 General Surgery (and emergency vascular surgery).
Nov 1983 - Oct 1984 Vascular Surgery
Nov 1984 - Oct 1985 General Surgery and Gastroenterology
Nov 1985 - April 1986 General and Vascular Surgery

ACADEMIC APPOINTMENTS

1992 – 2005 Lector (1992-2000) then Academic Consultant (2000-
2005) to the Catholic University of Leuven, Belgium.

Honorary Professor:

2000-2 School of Medicine and Health Sciences, University of Exeter.
2003-13 Peninsula Medical School, then Peninsula College of Medicine and
Dentistry.
2013-17 University of Exeter Medical School.

SURGICAL TUTOR

1986-92 Surgical Tutor to the Exeter District for the Royal College of Surgeons
of England.

LEARNED SOCIETIES

Offices held:

1989-97 **Honorary Secretary** of the South West Vascular Surgeons.

Vascular Surgical Society of Great Britain and Ireland (from 2004 The Vascular Society of Great Britain and Ireland):

1994 – 8 Member of Council: (as **Secretary Elect** 1997-8).

1994 – 2000 Member of Vascular Advisory Committee.

1995 – 02 Member of the Audit Committee.

1997 – 01 Member of the Finance Committee.

1998 – 2002 Honorary Secretary.

2001 - 2 Member of the Executive.

- 2000 – 1 Liaison Group of VSSGBI and Royal College of Radiology – Member 2000-1. **Chairman 2001-2.**
- 2001 **Chairman** – Working Group on Emergency Vascular Surgical Services.
- 2002-7 **Chairman** – Professional Standards Committee.

Other Memberships and Fellowships:

- 1986- Member of the South West Vascular Surgeons.
- 1986- Member of the Devon and Exeter Medical Society.
- 1988-2012 Fellow of the Association of Surgeons of Great Britain and Ireland.
- 1982 – 98 Member of the Surgical Research Society.
- 1987-2015 Member of the European Society for Vascular Surgery.
- 1987-2000 Member of the Joint Vascular Research Group.
- 1997 Honorary Fellow of the New Zealand Society of Vascular Surgery.
- 1999- 2004 Member of the European Society for Cardio-vascular Surgery.
- 2003- Member of the Institute of Learning and Teaching: transferred in 2004 to membership of the Higher Education Academy.
- 2010- Member of Health Technology Assessment International.

COMMITTEES AND WORKING PARTIES

A) NATIONAL (see above for Vascular Society of Great Britain and Ireland)

- 1989-90 Specialist surgical group for the National Confidential Enquiry into Perioperative Deaths.
- 1990-1 Vascular Surgical Group for the National Confidential Enquiry into Perioperative Deaths.
- 1990-2 Regional Training Committee of the Royal College of Surgeons of England.
- 1990-3 Clinical Audit and Quality Control Committee of the Royal College of Surgeons of England.
- 1990 Member of the Royal College of Surgeons Working Party on Surgical Waiting Lists.
- 1992 Member of Royal College of Surgeons Discussion Group on Guidelines for the Management of hernias.
- 1992-3 Member of the Specialty Assurance Team for Vascular Surgery: Clinical Terms Project.
- 1993 Member of Working Group on "Regulation of the market in the National Health Service: competition and the common good". Royal College of Physicians, London.
- 1995-8 Lead Clinician – national audit of acute limb ischaemia
- 1996-2002 **Leader:** HRG Refinement Group for Vascular Surgery.
- 1996-2002 Member: Editorial Board of the British Journal of Surgery.
- 1999 - Member: Editorial Board of the Annals of the Royal College of Surgeons of England.
- 1999-2004 Member: Steering Committee of the Venous Forum of the Royal Society of Medicine.
- 1998-2001 Member: Education Committee of the Association of Surgeons of Great Britain and Ireland (representing VSSGBI).
- 1999-2000 Member: Council of the Association of Surgeons of Great Britain and Ireland (representing VSSGBI).
- 1999- Member: Data Monitoring Committee of EVAR (Endovascular Aneurysm Repair trial – MRC funded).

- 2000-2001 NICE Protocol Advisory Group on Varicose Veins.
- 2000-4; 2005-8 **Chairman: Therapeutic Procedures Panel of the HTA** (prioritising all non-pharmacological interventions for possible research funding)
- 2000-3 **Leader:** Clinical Working Group for Vascular Surgery (for the NHS Information Strategy re-HRGs)
- 2001-3 Member: **Technology Appraisal Committee of the National Institute for Clinical Excellence (NICE).**
- 2000 Member: NHS Working Group on Medicolegal Claims.
- 2001 – 2 Member: Specialised Vascular Services Working Group.
- 2002-5; 2005-8; 2008-11; 2011-15 **Chairman: NICE Interventional Procedures Advisory Committee.**
- 2004-6 **Chairman: NICE CJD SubCommittee** (established at the request of the CMO, to produce NICE guidance on disposable instruments and vCJD risk throughout surgical practice)
- 2005 Member of NSCAG (National Specialist Commissioning Advisory Group) External Review Group.
- 2006 - 7 **Chairman: NICE Clinical Data Collection Advisory Group.**
- 2007 **Chairman: NICE Patient Safety Advisory Committee**
- 2008 Member: HTAi (Health Technology Assessment International) Sub-Group on Conditional Coverage and Evidence Development for Promising Technologies.
- 2008 Member of the Strategy Group for the National Patient Safety Campaign.
- 2008-13 Member MHRA Medical Device Technology Forum and its Topic Selection Panel.
- 2009- 11; 2011-(15) **Chairman: NICE Medical Technologies Advisory Committee.**
- 2009 Chairman – NICE Working Group on Outputs from the new Evaluation Pathway.
- ~2012-13 Royal College of Surgeons working group on Surgical Research.
- 2012-13 Member – Royal College of Physicians Future Hospital Commission.
- 2013 - Member - Advisory Committee of the FDA (USA) MDEpinet initiative

- 2013 - Member - Data Monitoring and Ethical Committee: Endovascular Aneurysm Repair Trials
- 2013-4 Member - Independent Review Group on expert advice for devices for the Medicines and Healthcare products Regulatory Authority (MHRA).
- 2014- Chairman: Data Monitoring Committee ETTAA Trial (Effective Treatments for Thoracic Aortic Aneurysms)
- 2015-16 Member – International Committee of the FDA (USA) MDEpinet initiative
- 2015 - 6 Chairman: Steering Group of the National Varicose Veins Intervention Register (for NICE)
- 2016 - Member – Council of the Venous Forum of the Royal Society of Medicine.

B) REGIONAL

- 1986-92 General Surgical Sub-committee of the Regional Hospital Medical Advisory Committee.
- 1986-92 General Surgical Training sub-committee of the Regional Training Committee.
- 1988-92 Surgical Audit Working Group of the South Western Regional Health Authority.
- 1989-92 Career Registrar Sub-committee of the Regional Surgical Training Committee.
- 1989-about 1996 Deputy Member for the Exeter District on the Regional Manpower Committee.
- 1992-4 Regional Research and Development Scientific Committee.

N.B. Change from South Western Region to South and West:

- 1994 – 8 Responsive Research committee for Research and Development.
- 1996-99 **CHAIRMAN:** Committee of Local Hospital Audit Committee Chairmen.

Development and Evaluation Committee (DEC):

- 1996 - 7 Member of Committee
1998 – 9 **Vice Chairman and Chairman Elect.**
1999 - 2000 **CHAIRMAN of DEC** for South West and South East Regions

2002 - 3 Member South West Regional Awards Committee.

2003 – 2004 Member South West Advisory Committee for Clinical Excellence Awards.

C) DISTRICT

- 1987-8 Junior Hospital Medical Staff Working Party of the MEC.
1987-90 Postgraduate Medical Education Committee.
1988-9 MEC Working Party on the CEPOD Report.
1988-mid1990s District Working Party on Medical Staffing.
1990 MEC Working Party on Intensive Care.
1990-1 Major Trauma Working Party of the MEC.
1989-2001 **CHAIRMAN District Medical Audit Committee (DMAC); subsequently District Clinical Audit Committee; subsequently Trust Clinical Audit Committee (reappointed two yearly).**
1990-2 **Chairman** of DMAC Subcommittee on Community Hospitals.
Chairman of DMAC Working Party on Terminal Care.
1992-3 Member of the Library Development Group.
1993-about 1997 Working Group on Undergraduate Medical Education: subsequently the Medical Undergraduate Teaching Committee.
1993-6 Research and Development Working Group: subsequently the Medical Education, Research and Development Committee.
1994 Working Group on Trust Strategy for Academic Medicine.
1994-2000 Steering Committee for the Exeter Research and Development Support Unit.
1994-2003 Risk Management subcommittee of the Operational Executive. **Overall responsibility for Patient Information Strategy.**

- 1996 **CHAIRMAN:** Working Group for written patient information.
- 1995-6 Clinical Outcomes Working Group.
- 1995 Working Group on Quality: Trust Strategic Planning Project.
- 1996-8 Trust Academic Committee.
- 1996-8 Clinical Effectiveness Committee.
- 1996-7 Working Group on Venous Thromboembolism.
- 1997 Working Party on Graduated Patient Care.
- 1997-2001 Member Medical Education and Training Committee.
- 2000 - Member Research and Development Committee.
- 2003- Member of the Clinical Governance Committee.
- [2003 – led Trust move to procedure specific consent forms, including rewriting of patient information booklets, designing customised forms and promoting this initiative among clinicians and managers].
- 2002-4 Chairman of Working Party on central venous access.
- 2004-6 Member of Evidence Based Practice Group.
- 2007-9 Member of Trust Working Group on Venous Thromboembolism
- 2007-9 Member of Trust Working Group on Healthcare Records.
- 2008-10 Member of Trust Working Group on Medicines Reconciliation.
- 2009 - Chairman Working Group on Policy for Prophylaxis of Venous thromboembolism
- 2011 Chair, Steering Group for the Surgical Health Services Research Unit

Note: other recent Trust work

- led/chaired/written protocols for proposed vascular emergency networks with other hospitals (2001-4).
- Written proposal for AAA screening (2004)

Member of other adhoc working groups.

EDITORIAL APPOINTMENTS.

- 1996-2002 Member: Editorial Board of the British Journal of Surgery.
- 1999- Member: Editorial Board of the Annals of the Royal College of Surgeons of England.
- 2001- **Editor of the Technical Section/Assistant Editor** - Annals of the Royal College of Surgeons of England.

REVIEWING/REFEREEING PAPERS FOR JOURNALS.

Current:

British Journal of Surgery.
British Medical Journal.
Annals of the Royal College of Surgeons of England.

Past reviewer including:

European Journal of Vascular and Endovascular Surgery.
Cardiovascular Surgery.
Phlebology.
Journal of the Royal College of Surgeons of Edinburgh.
Irish Medical Journal.
Clinical Microbiology and Infection

Miscellaneous - PRODUCING/REVIEWING NHS AND OTHER INFORMATION/EVIDENCE SOURCES.

- 2001 Surgery for morbid obesity. HTA Assessment Report.
- 2002 Health Care Needs Assessment: update of first series. Varicose Veins.
- 2002 PRODIGY guidelines for General Practitioners. Thrombophlebitis.
- 2008 NHS Clinical Knowledge Summaries: Varicose veins; Venous eczema and lipodermatosclerosis; Compression stockings. (Review and editing)
- 2008 Map of Medicine: Varicose veins (Review and editing).
- 2008 HTA Report 96 05 01 (BASIL study)- Reviewer

MEETINGS INITIATED AND ORGANISED.

Which medical audit system? Exeter 1987. (Regional).

South West Vascular Surgeons. All annual meetings 1989-1998.

Assessment and care for patients undergoing abdominal aortic surgery. Exeter 1990. (National).

Organiser and Chairman. Audit Conference for Registrars and Senior Registrars. Royal College of Surgeons of England. June 1993.

Difficult issues in vascular surgery. Torbay 1994 (National).

Practical modern management of varicose veins. Exeter 1994. (National).

Symposium: Medical controversies for the vascular surgeon.

At the Annual Meeting of the Vascular Surgical Society of Surgeons of Great Britain and Ireland. Brighton. 2001.

Symposium: Medical management for vascular surgeons.

At the Annual Meeting of the Vascular Surgical Society of Surgeons of Great Britain and Ireland. Belfast. 2002.

INVITED CHAIR AT MISCELLANEOUS MEETINGS

Co-Chairman: Session on Vascular Surgery.
Association of Surgeons of Great Britain and Ireland.
Glasgow. May 1996.

Chairman: Session on Venous Ulceration and Lymphoedema.
19th. Charing Cross International Vascular Symposium.
London. April 1997.

Chairman: Reporting back the results of R & D (Regional Symposium). Bristol.
November 1997.

Vascular Surgical Society of Great Britain and Ireland.
Chairman of scientific sessions 1999, 2000, 2001, 2002.

Royal College of Surgeons of England:
2000 Millenium Masterclass: the complex aneurysm (Chairman).

Chairman: Session on Venous Disease.
Birmingham Vascular and Endovascular Masterclass. January 2002.

Co-Chairman: Six of the best VSSGBI papers.
Association of Surgeons of Great Britain and Ireland. Dublin. May 2002.

Chairman: Implementation of research.
10 years of HTA in the NHS: Health Technology Assessment conference. London.
October 2003.

Chairman: Improving patient safety and encouraging innovation.
Clinical Excellence 2004. Birmingham. December 2004.

Chairman and presenter: HTA 2005: Setting priorities for the future.
London. September 2005.

Chair for NIHR project Panel: Evaluation of alternative vascular service models in
the UK NHS – vascular expert consensus panel. Bristol. May 2011.

Does reporting improve patient safety?
Joint MHRA and NHSE conference of Medicines Safety Officers and Medical Device
Safety Officers.
Chair of this Panel. London. February 2016.

National Services Documents.

Chairman of Working Party and principal author:
Provision of Emergency Vascular Services.
Vascular Surgical Society of Great Britain and Ireland. London. 2001.

Chairman of Working Party:
Provision of vascular radiology services.
The Royal College of Radiologists and the Vascular Surgical Society of Great Britain
and Ireland. London. 2003.

INVITED TEACHER ON NATIONAL/REGIONAL POSTGRADUATE COURSES.

Bristol Final (Part 2) FRCS Course. 1988, 1989, 1990, 1991, 1992, 1993, 1994,
1995, 1996, 1997, 1998. MRCS Course 2001.

Principles and Practice of Vascular Surgery/ Vascular Surgical Course for Vascular
Specialist Registrars. Lecture each year (see presentations) plus chairing case
presentations, and some skills teaching. St. Thomas' Hospital, London. 1989, 1990,
1991, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2001, 2002, 2003, 2004, 2005,
2006, 2007.

Vascular Surgery Revision Course. Gloucester. 1993, 1994, 1995, 1996, 1997,
1998, 1999, 2000, 2001, 2002, 2003, 2005, 2006.

Leeds Vascular Surgical Course. 1997.

Practical Training Course in Vascular Surgery. Bath. 1998, 1999, 2001, 2002.

Practical Surgery Courses. Plymouth. 1992, 1993, 1994, 1995.

Basic surgical skills course. Plymouth. 1995, 1996, 1998.

MRCS/FRCS course. Plymouth. 1997, 1999.

Royal College of Surgeons of England:
2000 Venous Management Course.

Telestep (satellite television programme for the MRCS) May 2001. Four talks:
Chronic ischaemia, acute ischaemia, aneurysms, carotid surgery; discussion and case
presentation.

Clinical governance. Venous Management Masterclass.
Royal College of Surgeons of England. June 2001.

Clinical Management of carotid disease. Workshop of the Society for Vascular
Technology. Exeter. April 2002.

Amputation in Exeter. Meeting of Prosthetists and Mobility Centre Managers.
Exeter. April 2002.

Consent – legal implications.
Meeting for staff of Charing Cross Hospital, London. September 2003.

NICE and related matters. Imperial College BSc Course in Surgery and
Anaesthesia. Charing Cross Hospital, London. January 2003.

NICE: what will it mean for vascular specialists. Birmingham Vascular Masterclass.
January 2003.

Educational Masterclass. Vascular Society of GB & I. Manchester. November
2012.

EXAMINING.

Accreditation for members of the Society of Vascular Technology of Great Britain
and Ireland. 1995.

RESEARCH GRANTS.

HTA Project 95/05/06. Awarded by the Health Technology Assessment Programme of the NHS.

Assessment of cost-effectiveness of the treatment of varicose veins

Michaels JA, Campbell WB, Brazier JE, Beard JD.

Value - £476,259

Duration 1998 – 2005. Publication – 2006.

ISRCTN 72485131. Awarded by the Health Technology Assessment Programme of the NHS.

Randomised controlled trial and economic modelling to evaluate the place of antimicrobial agents in the management of venous leg ulcers.

Michaels JA, Campbell WB, Brazier JE, King B, Palfreyman S.

value £514,497.

Duration 2004-2008. Publication – 2009.

ISRCTN 51995477. HTA 06/45/02

Randomised controlled trial comparing foam sclerotherapy, alone or in combination with intravenous laser therapy, with conventional surgery, as a treatment for varicose veins. Brittenden J, Gough MJ, Cassar K, Bachoo P, Scott J, Norrie J, McCollum P, Chetter I, Vale LD, Ramsay CR, Ramsay CK, Francis J, Earnshaw J, Campbell B.

Total value £1,039,681.

Duration 2008-12.

Study reference 080310C (Campbell, Blazeby, Donovan)

National Institute of Health Research Flexibility and Sustainability small grant through Royal Devon and Exeter NHS Foundation Trust.

A qualitative study to explore patient preferences about recruitment into the CLASS trial (Comparison of LASer, Surgery and foam Sclerotherapy for varicose veins).

Total value £5,852. Used to guide RCT recruitment. Publication – submitted 2013.

Funding Source: NIHR Health Technology Assessment Programme (2016)

HTA Project: 15/153/02 - A Risk-adjusted and Anatomically Stratified Cohort

Comparison Study of Open Surgery, Endovascular Techniques and Medical

Management for Juxtarenal Aortic Aneurysms: The UK COMplex Aneurysm Study (UK-COMPASS).

S.R.Vallabhaneni SR, Bicknell C, Boyle J, Brennan J, Campbell WB, Cook A,

Haycox A, Patel J, Perkins C, Rowlands P, Smyth JV, Wyke S.

Grant from the Bill and Melinda Gates Foundation (for healthcare development work in India): Title: International Decision Support Initiative (iDSI) scale : 2016-2020.

Ref: OPP1134545. Core Partners: Imperial College (lead), CGD, HITAP,

PRICELESS South Africa. Total value: 17 million USD.

PRESENTATIONS TO LEARNED SOCIETIES, NATIONAL MEETINGS, AND ABROAD.

(These exclude invited presentations at local courses).

A case of arterial irradiation fibrosis
Wessex Surgeons, Southampton 1977.

Transaxillary sympathectomy at Bristol Royal Infirmary 1970-80.
South West Vascular Surgeons. Plymouth 1981.

Right iliac fossa pain in splenic rupture.
Royal society of Medicine (clinical section) London 1982.

Percutaneous transluminal angioplasty.
South West Vascular Surgeons. Poole 1982.

Gruntzig dilatation of the iliac and femoral arteries.
South West Surgeons. Taunton 1982.

Long term effects of vasectomy on the distensibility of the arteries of the lower limbs.
17th Meeting European Society for Surgical Research.
Stresa, Italy 1982.

Co-Chairman: Session on Doppler ultrasound in the peripheral vascular system.
3rd Meeting World Federation for Ultrasound in Medicine and Biology. Brighton
1982.

Swelling of the lower limbs caused by arterial disease.
Royal Society of Medicine (section of surgery). London 1982.

Ultrasonic assessment of percutaneous transluminal angioplasty.
14th Annual Meeting British Medical Ultrasound Society.
Sheffield 1982.

Outcome of transluminal angioplasty in the lower limbs.
Surgical Research Society. Cambridge 1983.

Transluminal angioplasty: an alternative to bypass grafting. Association of Surgeons.
London 1983.

Detection of early arterial disease by Doppler waveform analysis.
The Physiological Society. Manchester 1983.
Doppler waveform analysis by the Laplace transform method.
Department of Surgery, University of Washington, Seattle, USA. 1983.

Estimating the haemodynamic effect of aortoiliac stenosis.
Surgical Research Society, Aberdeen 1983.

The variability of arterial Doppler waveforms.

15th Annual Meeting of the British Medical Ultrasound Society.
Manchester 1983.

The clinician and the vascular laboratory in the diagnosis of aortoiliac stenosis.
Vascular Surgical Society of Great Britain and Ireland, London 1983.

Doppler waveform analysis in the management of lower limb arterial disease.
Hunterian Lecture. Royal College of Surgeons of England, 1984.

Nifedipine in the treatment of Raynaud's syndrome.
Surgical Research Society, Birmingham, July 1984.

Ultrasound in the visualisation of the arterial system.
NETHRA (Radiographers) Meeting. Royal Free Hospital. London. May 1983

Auditing the Vascular Surgical Audit.
Vascular Surgical Society of Great Britain and Ireland, Birmingham 1984.

Evaluation of the distal lower limb arteries by Doppler ultrasound.
16th Meeting of the British Medical Ultrasound Society, Harrogate 1984.

A comparison of Doppler and arteriography in the assessment of distal lower limb arteries.
Surgical Research Society, London, January 1985.

Angioplasty in the treatment of peripheral vascular disease. Regional Meeting of the Royal College of Surgeons of England.
Oxford 1985.

Can non-invasive follow up predict graft failure?
Meeting on: Femorodistal bypass - can we do better?
Torquay 1986

Surgical and Chemical Sympathectomy.
International Symposium: Indications in Vascular Surgery.
London 1987.

A comparative study of balloon embolectomy catheters.
Vascular Surgical Society of Great Britain and Ireland.
Newcastle. 1987.

Presentations on surgical audit.
Symposium: Which Medical Audit System?
Exeter. 1987.

Angioplasty - a surgical view of the results.
Symposium: Angioplasty and thrombolysis in arterial surgery
Nottingham. 1988.

What should we do when the knee joint cannot be saved?
10th Charing Cross International Vascular Symposium. 1988.

"Most vascular surgery should be performed in designated hospital"
Opposed this motion. London Vascular Debating Group. 1988.

Arteriography - is it still the gold standard?
Symposium: Femoropopliteal bypass: Can better assessment lead to improved results?
Leicester, 1989.

Events and interventions within 48 hours of aortic surgery
South West Vascular Surgeons, 1989.

The Role of Surgery
Symposium: Treatment of Claudication - where are the goal posts?
Bath, 1989.

Postoperative care in abdominal aortic surgery: The first 48 hours.
Vascular Surgical Society of Great Britain and Ireland.
Dundee. 1989.

The causes and incidence of death after elective aortic surgery.
Symposium: Assessment and care for patients undergoing abdominal aortic surgery. Exeter. 1990.

How do we measure quality? The potential benefits of Medical Audit.
National Conference of the Association of Health Care Information and Medical Records Officers. Dawlish. May 1990.

Current status of sympathectomy for chronic arterial ischaemia.
International Symposium - Surgery in Europe 1990.
Rome. May 1990.

How to present results. Invited presentation to the Rouleaux Club. Rutland. June 1990

Interpreting Mortality figures following aortic surgery.
St Mary's Hospital Vascular Unit. London. June 1990

Embolus vs. Thrombosis - early diagnosis and surgical treatment.
Eurochirurgie 90: 92 Congres Francais de Chirurgie. Paris. Oct 1990.

Complications of vascular surgery.
South West Anaesthetists. Exeter. November 1990.

How to produce over optimistic results. Symposium: Struggle to revascularise or amputate? St. Mary's Hospital, London. January 1991.

Waiting Lists - a surgical view. National Conference on Waiting Times. Nottingham. April 1991.

Reporting on audit. Audit Conference for Consultants. Royal College of Surgeons of England. London. May 1991.

How can we prevent complications from elective aortic surgery? Symposium: Vascular Surgery: Current Questions. Belfast. May 1991.

Graft infection in perspective.
Symposium on Graft Sepsis. St. Mary's Hospital, London. January 1992.

Removal of prosthetic material is unnecessary in the treatment of infected grafts.
Opposed this motion.
London Vascular Debating Group. St. Mary's Hospital.
January 1992.

How to cheat in vascular surgery.
Vascular Symposium. Musgrove Park Hospital. Taunton.
January 1992.

Lower limb amputation and rehabilitation 1987-91. South West Vascular Surgeons. Portsmouth. February 1992.

Audit in vascular surgery.
Conference on "Risk management in Vascular Surgery".
Torbay. May 1992.

Post-operative management: a surgeon's view.
Symposium: Abdominal aortic aneurysms - assessment and management.
Ayr. May 1992.

Presentation: The place of above knee amputation.
Also Co-chairman:
Joint Symposium on Amputation between the International Society for Prosthetics and Orthotics and the Vascular Surgical Society of Great Britain and Ireland.
London. November 1992.

Acute limb ischaemia.
Invited presentation to the Northern Surgical Society.
Newcastle. February 1993.

Carotid endarterectomy - an overview.
Symposium: Carotid endarterectomy in a DGH: is it feasible?
Taunton. March 1993.

Can reported carotid surgical results be misleading?
15th. Charing Cross International Symposium: Surgery for Stroke.
London. April 1993.

Selecting patients for varicose vein surgery and managing ulcers.
Surgical symposium for General Practitioners, North Devon April 1993.

Can published results be misleading? Pendle Vascular Meeting. Burnley.
September 1993.

Can we predict the mobility of amputees? Surgical Club of South West England.
Bristol. October 1993.

Assessment of varicose veins, ulcers and venous insufficiency.
Vascular Surgery Revision Course. Gloucester. December 1993.

Chairman: Practical aspects of trauma management.
Exeter. December 1993.

The future of vascular surgery: large centralised units or district general hospitals?
Association of Surgeons. Harrogate. April 1994.

1. Providing an acute vascular service.
2. Co-chairman: Difficult symptoms.
Symposium: Difficult issues in vascular surgery. Torquay. May 1994.

Abdominal aortic aneurysm emergency treatment - is dying the only difference?
Symposium: Abdominal aortic aneurysms: the case for national screening.
Chichester. June 1994.

Surgical aspects of carotid artery disease.
Contemporary Issues in Stroke. Regional Seminar. Exeter. September 1994.

Varicose veins and deep vein thrombosis. Symposium: Practical modern
management of varicose veins. Exeter. October 1994.

Special investigations for venous disease: how often are they needed? Venous
Forum of the Royal Society of Medicine. London. October 1994.

Carotid endarterectomy: cui bono?
Symposium of the Royal College of Physicians of Edinburgh.
Inverness. November 1994.

Providing an acute vascular service within a department of general surgery.
Vascular Surgical Society of Great Britain and Ireland. Edinburgh. November 1994.

Clinical audit in Exeter.
Also Chairman.
Annual Meeting of Specialist Audit Meeting Chairmen. Sheffield. March 1995.

Venous ulceration: a surgical view.
Symposium on Venous Ulceration. South West of England and Wales Dermatology
Society. Exeter. April 1996.

What are the benefits of adjuvant drug therapy? Association with femoropopliteal and femorotibial bypass or angioplasty.
18th. Charing Cross International Symposium. London. April 1996.

From carotids to varicose veins: a vascular surgical medley.
Medical Postgraduate Lecture. Princess Margaret Hospital, Swindon. May 1996.

Management of claudication.
Postgraduate vascular course for Senior Registrars.
St. Thomas' Hospital, London. May 1996.

Outpatient clinic rapid evaluation of varicose veins by different Doppler techniques: accuracy compared with duplex scanning.
Association of Surgeons of Great Britain and Ireland.
Glasgow. May 1996.

Prospective audit of vascular surgery in a DGH.
Symposium: Difficult and controversial issues in vascular surgery. Plymouth. June 1996.

Why did we decide to amputate their leg?
Peripheral Vascular Club. Derby. June 1996.

Cheating in medicine.
"Fresh Looks" Course. Taunton. November 1996.
Repeated in May 1997.

Management of acute lower limb ischaemia in the U.K. and Ireland.
Vascular Surgical Society of Great Britain and Ireland.
Bournemouth. November 1996.

The Diabetic Foot Clinic: a surgical perspective.
Symposium on The Diabetic Foot.
Harrogate. February 1997.

Are patients with varicose veins at special risk of thromboembolism?
19th. Charing Cross International Vascular Symposium.
London. April 1997.

How to present a paper at a vascular meeting.
Postgraduate Vascular Course. St. Thomas Hospital.
London. May 1997.

How I do: varicose veins.
Vascular Anastomotic workshop.
East Glamorgan General Hospital. October 1997.

In a different vein.
Surgical Club of South West England: Golden Anniversary Meeting.
Exeter. October 1997.

Varicose veins and venous disease.
"Fresh Looks" course. Taunton. November 1997.

The Vascular Surgical Society Audit of acute limb ischaemia: outcomes of treatment and results of a validation exercise.
Vascular Surgical Society of Great Britain and Ireland. London. November 1997.

Invited presentations to the New Zealand Society of Vascular Surgery. Taupo, New Zealand. February, 1998:

1. A rational approach to varicose veins.
2. Management of acute limb ischaemia in the U.K..
3. Cheating in aortic surgery.
4. "Many patients with ruptured aortic aneurysms should properly be denied surgery" - proposed this motion.

Gentamicin beads in vascular surgery: indications, and results of long term implantation. South West Vascular Surgeons. Taunton Meeting. March 1998.

Ruptured aortic aneurysms: when should we operate and when should we not.
20th. Charing Cross International Vascular Symposium. London. April 1998.

Invited Summing Up. Venous Disease: Epidemiology, Management & Delivery of Care (Symposium organised by the Venous Forum of the Royal Society of Medicine). Edinburgh. October 1998.

Anaesthesia and analgesia for major lower limb amputation. South West Vascular Surgeons. Exeter. March 1999.

Antiplatelet therapy in cardiovascular disease: the evidence and current practice.
Chaired this meeting. Exeter. March 1999.

Is the durability of the management of the diabetic foot affected by patient presentation?
21st. Charing Cross International Symposium. London. April 1999.

Current thoughts on Advanced Trauma Life Support (ATLS) training.
Combined meeting of the History of Anaesthesia Society, Anaesthesia History Association, and the Society of Anaesthetists of the South Western Region. Bristol. May 1999.

Putting audit into practice.
Improving clinical effectiveness in surgery using clinical audit. Royal College of Surgeons of England. May 1999.

Debate on "Reaccreditation is necessary" - spoke against the motion.
Surgical Club of South West England. Plymouth. May 1999.

Medicolegal implications associated with evidence based medicine.
The evidence for vascular surgery. Gloucester. June 1999.

From data enhancement to a brush with the law. Cossham Medical Society. Bristol. March 2000.

Amputation for acute ischaemia – a high risk procedure. South West Vascular Surgeons. Reading. March 2000.

Complications of thrombolytic therapy and their avoidance. 22nd. Charing Cross International Symposium. London. April 2000.

The surgeon's viewpoint. South West Regional Conference on Footcare for Diabetics. Exeter. September 2000.

Patient information, consent, and clinical governance: the role of the vascular nurse. 7th. Annual Conference of the Society of Vascular Nurses. London. November 2000.

Medicolegal claims for vascular problems. Vascular Surgical Society of Great Britain and Ireland. London. November 2000.

Operating within the law. The David Booth Lecture and Keynote Address. Scottish and Northern Vascular Society. Edinburgh. April 2001.

The changing profile of emergency surgical admissions: a study of the years 1974-1998. Association of Surgeons of Great Britain and Ireland. Birmingham. April 2001.

Setting up a vascular service. St. Thomas' Hospital Vascular Surgical Course for Vascular Specialist Registrars. April 2001.

NICE Vascular Surgeons. London Vascular Debating Group Meeting on Managing Vascular Surgeons. London. May 2001.

Surgeons must be the advocate of the individual patient – Second proposer of this motion. London Vascular Debating Group Meeting on Managing Vascular Surgeons. London. May 2001.

Clinical Governance and medico-legal aspects. Venous Management Masterclass. Royal College of Surgeons. London. June 2001.

Guidelines, consent and complications. Varicose vein management in the 21st. century. Joint symposium of the Venous Forum and the Vascular Surgical Society. Brighton. November 2001.

What skills should students demonstrate when examining lower limb arteries and veins? South West Vascular Surgeons. Llantrisant. March 2002.

Below knee thrombus merits treatment. Opposed this motion.

24th. Charing Cross International Symposium. London. April 2002.

Medicolegal matters, and NICE. British Society of Medical Secretaries. Exeter. October 2002.

This House believes that within two years surgeons will be in chambers. Opposed this motion. Open Section and Section of Surgery. Royal Society of Medicine. London. November 2002.

Operating within the law. Derby Medical Society. Derby. February 2003.

Saphenofemoral ligation and stripping is the method of choice for treating long saphenous varicose veins. Proposed this motion. 25th Charing Cross International Vascular Symposium. London. April 2003.

From Research to safe and cost effective NHS practice. Association of Surgeons of Great Britain and Ireland. Manchester. May 2003.

Medley of NICE, medicolegal and vascular topics. British Association of Health Services in Higher Education Annual Conference. Exeter. July 2003.

Medicolegal implications associated with evidence based medicine in vascular surgery. European Society for Cardiovascular Surgery. Istanbul. November 2003.

Medicolegal aspects of vascular surgery. Vascular Surgeons of West Denmark. Meeting at Aarhus University Hospital. December 2003.

Placement of central venous access devices: a study of patient experiences. South West Vascular Surgeons. Truro. March 2004.

Information, risk and consent for varicose vein surgery. Venous Forum. Manchester. March 2004.

When is duplex imaging essential or even desirable? Venous Forum. Manchester. March 2004.

Governance of the National Vascular Database: how should we manage the under-performing vascular surgeon? Association of Surgeons of Great Britain and Ireland. Harrogate. April 2004.

What services are available to patients with venous ulcers around the UK and how are they managed? South West Vascular Surgeons. Oxford. March 2005.

A comprehensive survey of venous ulcer services in the United Kingdom. Venous Forum of the Royal Society of Medicine. Brighton. March 2005.

Best practice in informed consent.

27th Charing Cross International Symposium: Nursing Course. London. April 2005.

Most patients with varicose veins have fears or concerns about the future, in addition to their presenting symptoms.

Association of Surgeons of Great Britain and Ireland. Glasgow. April 2005.

This House regrets the introduction of rationing of varicose vein surgery in the NHS. Proposed this motion. Venous Forum session: Vascular Society of Great Britain and Ireland.

Bournemouth. November 2005.

1. The evidence used for guidance on safety and efficacy of new interventional procedures (submitted paper).
2. The “theatre” of HTA (invited panel member).
3. HTA in the trenches (invited panel member).

3rd Annual meeting of Health Technology Assessment International. Adelaide. July 2006.

Standard surgery for varicose veins still wins.

29th Charing Cross International Symposium. London. April 2007.

Who should be treating varicose veins and how?

Venous Forum. Royal Society of Medicine. London. April 2008.

Sclerotherapy: past, present and future.

Venous Forum. Royal Society of Medicine. London. April 2009.

Debate: Long and short saphenous should remain the terms used to describe the main superficial veins in the UK practice. Proposed this motion.

Society of Venous Technologists. Royal Society of Medicine. London. April 2009.

Is there still a role for surgical bypass in patients with claudication?

Vascular Society of Great Britain and Ireland. Liverpool. November 2009.

The Evolution of evidence.

Kinmonth Lecture. Vascular Society of Great Britain and Ireland. Edinburgh. November 2011.

The decline in varicose vein referrals.

South West Vascular Surgeons. Worcester. March 2012.

What will a newly appointed vascular surgeon be doing in 30 years' time?

Vascular Society of Great Britain and Ireland (invited lecture). Glasgow. November 2014.

Introducing new venous techniques: the role of NICE.

Vascular Society of Great Britain and Ireland (invited presentation). Bournemouth. November 2015.

Venous ulcers: things I don't know and things that make me cross.
National Symposium: Chronic venous leg ulcers - perspectives in management.
Gloucester. January 2016.

NICE – learning and experience.
South West Clinical Senate Meeting. MDT decisions about complex surgical
procedures towards the end of life. Taunton. January 2016.

Registries in the regulation and evaluation of devices.
European Federation of National Associations of Orthopaedics and Traumatology
(EFFORT). Geneva. June 2016.

1. Aneurysms, varicose veins and lymphoedema; and 2. The future.
Association of Personal Injury Lawyers' annual Clinical Negligence conference.
Celtic Manor Resort, Newport. September 2016.

Evidence based use of compression stockings.
South West Vascular Surgeons. Cheltenham. March 2017.

From HTA to NICE – how does the continuum of device regulation and evaluation
work in the UK?
Charing Cross International Symposium. London. April 2017.

IDEAL Conference. New York. May 2017:
1. Regulation and assessment of medical devices in the UK and Europe.
2. UK Perspective: The MHRA; NICE; and IDEAL.
3. HTA and IDEAL - a "NICE perspective"

Venous Forum of the Royal Society of Medicine. London. July 2017.
1. Lecture to trainees: Important venous papers.
2. Co-chair – Symposium: Commissioning and Private Practice.
3. Debate: This house believes that every patient with a leg ulcer must have a
venous duplex" – opposed this motion.

NIHR Biomedical Research Centre. Bristol. January 2018.
Introducing new procedures and devices: from development to adoption into the
health service.

Venous Forum of the Royal Society of Medicine. London. June 2018.
1. Proposer in debate: "Compression is necessary after foam sclerotherapy".
2. Does compression modify outcomes of interventional treatments for varicose
veins?
3. Co-chair – Symposium: Management of rarer venous conditions.
4. Lecture to trainees: Important venous papers.

Vascular Society of Great Britain and Ireland. Glasgow. November 2018.
1. The evidence for using compression after venous interventions.

2. What evidence will NICE need in future for venous disease and how will it use the evidence?

Pelvic vein reflux: a survey of vascular surgeons in the UK.
South West Vascular Surgeons. Bournemouth. March 2019.

Invited presentations for the National Institute for Clinical Excellence (NICE) and for IDSI (formerly NICE International)

Safety and efficacy of new interventional procedures in response to Kennedy and Bristol.

Surgery 2002. Clinical Risk Management in Surgery.
London. May 2002.

NICE consultation on new interventional procedures.
Association of Surgeons of Great Britain and Ireland.
Dublin. May 2002.

New interventional procedures and NICE: protecting patients, supporting clinicians.
British Association of Otorhinolaryngology and Head and Neck Surgeons. Guildford.
June 2002.

Safety and efficacy of new interventional procedures and NICE. British Association of Urological Surgeons. Glasgow. June 2002.

CE Update.

British Society of Interventional Radiology. Glasgow. November 2002.

Establishing the New Interventional Procedures Programme at NICE.
Clinical Excellence 2002. Birmingham. November 2002.

The NICE Interventional Procedures Programme.
Medical Devices Agency Seminar. February 2003.

New interventional Procedures and NICE.
British Society of Cardiothoracic Surgeons. Edinburgh. March 2003.

Co-chairman and presenter.

Joint meeting of NICE and Association of British Healthcare Industries. London.
November 2003.

NICE guidance on new procedures.

The Association for Cancer Surgery. London. November 2003.

The Interventional Procedures Programme.

Clinical Excellence 2003. Birmingham. December 2003.

NICE/IPAC and guideline implementation.

Symposium: How Payment By Results affects clinical and patient choice.
London. May 2005.

The NICE intervention programme – is this the way forward?
Bringing HTA into practice – 2nd Annual Meeting.
Rome. June 2005.

National data collection and registries.
Speaker and Chair.
NICE 2005: Health and Clinical Excellence. Birmingham. December 2005.

Implementation of interventional procedures – what medical directors and clinicians think.
Speaker and Chair.
NICE 2005: Health and Clinical Excellence. Birmingham. December 2005.

The NICE Interventional Procedures Programme.
Symposium on the Controlled Uptake of New Technologies.
STAKES, Helsinki, Finland. December 2005.

What it is like to be at NICE.
Meeting of Oxford Region Surgeons for Registrars' Prize.
Milton Keynes. May 2006.

Disease registries – collaborative initiatives.
Chair and speaker.
NICE 2006 – Tackling health priorities. Birmingham 2006.

Developing NICE Interventional Procedures.
Chair and speaker.
NICE 2006 – Tackling health priorities. Birmingham 2006.

What it is like at NICE
South West Regional Update for senior anaesthetic trainees.
Buckfast Abbey. April 2007.

Issues for NICE
Evaluating Surgery.
Oxford. September 2007.

A view from NICE.
Evaluating Surgery.
Oxford. April 2008.

Panel debate: What role does regulation play in ensuring the safety of patients?
National Patient Safety Congress.
London. May 2008.

How is NICE guidance produced and what effect should it have?
British Association for Day Case Surgery.
Scarborough. June 2008.

Considerations used by the NICE/NPSA Patient Safety Advisory Committee (PSAC)
NICE Conference.
Manchester. December 2008.

How will we know whether this technology is appropriate?
Advanced Cardiovascular Intervention.
British Cardiovascular Intervention Society. London. January, 2009.
NICE guidance on reducing the risk of venous thromboembolism.
Venous Forum. Royal Society of Medicine. London. April 2009.

NICE and innovation in procedures and devices.
International Medtech Symposium. University of Hertfordshire. June 2009.

Guidance from NICE. Introducing new procedures.
Association of Upper Gastrointestinal Surgeons. Nottingham. September 2009.

The New NICE Evaluation Pathway for Medical Technologies.
NICE Conference. Manchester. December 2007.

Medical Device Registers.
MHRA. December 2009. Chaired and presented at this Technical Forum.

NICE and IPAC.
Recent advances in anaesthesia, critical care and pain management. Royal College of Anaesthetists meeting. Birmingham. December 2009.

NICE is here to help: exploding myths and accelerating innovation. Thoracic Surgery Forum. Cambridge. February 2010.

The appraisal of interventional procedures in the UK.
Panel session: Health Technology Assessment of new interventional procedures in different countries: maximising the potential for mutual learning and international collaborations.
Health Technology Assessment International meeting. Dublin. June 2010.

Chair and presenter.
Panel session: [Data collection- registers – in HTA]
Health Technology Assessment International meeting. Dublin. June 2010.

Patient involvement in producing NICE guidance
Eucomed MedTech Forum. Brussels. October 2010.

Can guidelines change practice?
Vascular Society of Great Britain and Ireland. Brighton. November 2010.

Developing national guidance on new procedures and medical technologies – the range of evidence and the place of observational data.
CBI's 7th Late Phase Research Conference. London. February 2011.

Chair and speaker.

The “New” NHS: challenges and opportunities. Market access in the NHS: impact of changes deriving from new legislation.
UK Trade and Investment Corporate Round Table. London. March 2011.

NICE guidance on new technologies and procedures.
Post-Approval Summit. Boston. May 2011.

NICE and patient safety.
Association of Surgeons of Great Britain and Ireland. Bournemouth. May 2011.

The NICE Interventional Procedures Programme and Neurosurgery.
Society of British Neurological Surgeons. Brighton. September 2011.

Introducing new medical technologies and techniques into patient care.
New Techniques and new technologies: ethics and patient safety.
Royal College of Surgeons of England. London. October 2011.

NICE Guidance for care and value in the UK Health Service.
Health and Aging (organised by UK T&I).
Boston, USA. October 2011.

Stakeholder input: NICE experience with stakeholders and medical device manufacturers.
CIMIT Innovation meeting: International perspectives in transforming primary care through open innovation.
Boston, USA. October 2011.

The views of NICE. NICE’s experience in undertaking assessments of the clinical and cost-effectiveness of devices.
Association of British Healthcare Industries. Meeting the Evidence Challenge for Medical Devices Symposium. London. December 2011.

Conditional approval: NICE experience.
Advancing the innovative methodologies for device evaluation throughout TPLC: the FDA and IDEAL frameworks.
Meeting organised by the FDA. Washington DC. December 2011.

Surgical innovation and evaluation – “only in research”.
Surgical Research Colloquium.
Balliol College, Oxford. April 2012.

How NICE evaluates new technologies and produces guidance on their use.
Enteric meeting. Royal College of Surgeons of England. London. April 2012.

Challenges to assuring device safety post market: the role of registries.
European National Clinical Registries and Audit Summit. London. April 2012.

How does NICE make decisions?
NICE conference. Birmingham. May 2012.

Delivering equity of access: what needs to change?
All Party Parliamentary Group on improving patient access to medical technology.
House of Commons. London. June 2012.

International Registers and prospective observational data collection to support health care technology assessment (HTA) where the existing evidence base is inadequate. (Chairman of Panel and presenter).
Health Technology Assessment International meeting. Bilbao. June 2012.

NICE Medical Technologies guidance: aims for clinical practice.
11th EBPOM: Congress in Evidence Based Perioperative Medicine. London. July 2012.

Registers: an overview from NICE.
British Orthopaedic Association. Manchester. September 2012.

Evaluation strategies for the next generation of cardiovascular devices.
International Society of Applied Cardiovascular Biology. London. September 2012.

A number missing here.....

Innovation in surgery - incorporating a realist approach to technology evaluation.
British Association of Urological Surgeons. Liverpool. June 2014.

Navigating the maze: design, development and adoption of medical innovation
Presentation and Panel member; and contributor to MEI Strategy Workshop.
Royal Academy of Engineering. MEIBioEng 15. Leeds. September 2015.

NHS England's Commissioning Through Evaluation programme.
Presented at this Panel session.
NICE Conference. Liverpool. October 2015.

How do some technologies get support from NICE while others fail?
Section of Anaesthesia, Royal Society of Medicine. London. February 2016.

For NICE International: 1. The role of NICE in UK health service policy decisions.
2. Chairing session on "What happens after topic selection".
DHR-ICMR-IDSI Collaborative: Health Technology Assessment (HTA) Stakeholders' Consultative Workshop. Delhi, India. July 2016.

For IDSI: Regulation and assessment of medical devices in the UK and Europe.
To the visiting Chinese delegation. St Mary's Hospital. October 2016.

NICE Scientific Advice Seminars for the MedTech Industry. London, July 2017;
Manchester, May 2018.

Presentations for the HTA.

HTA 2005: setting priorities for the future.
Chairman's presentation on behalf of the Therapeutic Procedures Panel.
London. September 2005.

PUBLICATIONS

(excludes letters to journals, book reviews, etc.)

1. Thesis

Laplace transform analysis of Doppler waveforms in lower limb arterial disease.
University of London, 1984.

2. Books (including online “books”)

Surgical signs.
Campbell B, Cooper M
Edinburgh. Churchill Livingstone. 1994. Second edition 2000.

Complications in arterial surgery: a practical approach to management.
Ed: Campbell B.
Oxford. Butterworth Heinemann. 1996.

Understanding varicose veins.

5. Regular articles in the Annals of the Royal College of Surgeons of England on NICE and its guidance.

Introductory Editorial:

Campbell B.

NICE news in the Annals.

Annals of the Royal College of Surgeons of England 2004; 86 (Suppl): 152-153.

Specific topics (written by BC + some abbreviated guidance with co-authors):

Specialist Advisors. Ann R Coll Surg Engl 2004; 86: 221-222.

What is a new procedure? Ann R Coll Surg Engl 2004; 86: 296-297.

What evidence is used to appraise new procedures? Ann R Coll Surg Engl 2004; 86: 375-376.

Decision making for interventional procedures. Ann R Coll Surg Engl 2004; 86: 468-469.

Public consultation about interventional procedures guidance. Ann R Coll Surg Engl 2005; 87: 55-56.

Crafting interventional procedures guidance. Ann R Coll Surg Engl 2005; 87: 136-8.

NICE guidance on managing the risk of CJD transmission via interventional procedures. Chaldikou K, Lyratzolpoulos G, Campbell B. Ann R Coll Surg Engl 2007; 89: 82-5.

NICE News in the Annals. Chaldikou K, Lyratzolpoulos G, Campbell B. Ann R Coll Surg Engl 2007; 89: 318-9.

NICE News in the Annals. Barnes S, Leng G, Bent N, Campbell B. Ann R Coll Surg Engl 2007; 89: 540-3.

NICE News in the Annals. Hamilton S, Campbell B, Tucker H, George E, Barnett D, Longson C. Ann R Coll Surg Engl 2008; 90: 81-84.

NICE News in the Annals. Barnes S, Campbell B. Ann R Coll Surg Engl 2008; 90:260-261.

NICE News. Gallagher S, Campbell B; and NICE and NICE/NPSA patient safety pilot. Garner S, Campbell B Ann R Coll Surg Engl 2008; 90: 437-440.

NICE News in the Annals, including: The Darzi Review – What it means for NICE Barnes S, Campbell B, Gordon F. Ann R Coll Surg Engl 2008; 90:619-622.

An update on NICE and how to get more involved.
Campbell B.

Ann R Coll Surg Engl (Suppl) 2009; 91: 18-19.

NICE News in the Annals.

Barnes S, Campbell B.

Ann R Coll Surg Engl 2010; 92: 14-16.

Data collection on new procedures and devices.

Campbell B.

Ann R Coll Surg Engl 2010; 92: 17-18.

NICE News in the Annals - including UK audit of all patients managed by laparostomy (open abdomen).

Stengenga H, Patrick H, Campbell B.

Ann R Coll Surg Engl 2010; 92: 254-6.

Gallo G, Sloan N, Campbell B.

Ann R Coll Surg Engl 2010; 92: 433-4

The new NICE Evaluation Pathway for Medical Technologies.

Campbell B.

Ann R Coll Surg Engl 2010; 92: 435-6.

Recent NICE guidance. Barnes S, Campbell B.

Ann R Coll Surg Engl 2011; 93: 84-85

Requests by NICE for advice from specialists.

Campbell B.

Ann R Coll Surg Engl 2011; 93: 86-87.

NICE News.

Sloan N, Campbell B.

Ann R Coll Surg Engl 2011; 93: 410-411.

NICE News.

Campbell B.

Ann R Coll Surg Engl 2011; 93: 642-645.

NICE News.
Campbell B.
Ann R Coll Surg Engl 2012;.

NICE News.
Campbell B.
Ann R Coll Surg Engl 2012; 94: 525-526.

NICE News
Campbell B
Ann R Coll Surg Engl 2013; 95: 303-304.

Campbell B, Marlow M
NICE News. Advice to NICE from specialists: outcomes from a symposium with
specialist societies.
Ann R Coll Surg Engl 2013; 95: 535-537.

Campbell B. NICE News.
Ann R Coll Surg Engl 2014; 96: 159-160.

Campbell B.
An opportunity to shape future NICE guidance + NICE News.
Ann R Coll Surg Engl 2015; 97: 84-87.

Campbell B. NICE News.
Ann R Coll Surg Engl 2015; 97: 326-327.

Campbell B.
NICE News in the Annals.
Ann R Coll Surg Engl 2015; 97: 537-540.

6. Chapters in Books.

Prostaglandin E1 infusion for Raynaud's phenomenon.
Clifford PC, Martin MFR, Campbell WB, Sheddon J, Dieppe PA, Baird RN
In: Haemodynamics of the Limbs
Eds: Puel P, Enjalbert A, Boccalon H
Toulouse: Fournie 1981, pp 587-93

Ultrasound imaging of arterial grafts
Campbell WB, Baird RN
In: Extra-anatomic Bypass and Secondary Arterial Reconstruction.
Ed: Ed: Greenhalgh RM
Bath: Pitman 1982, pp 192-200.

Differential diagnosis of arterial disease of the lower limbs using Doppler ultrasound.
Campbell WB, Skidmore R, Cole SEA, Baird RN, Woodcock JP
In: Ultrasound '82'.
Eds: Lerski RA, Marley P.
Oxford: Pergamon Press, 1983, pp 257-62

Arterial surgery contributions
In: Questions and answers in General Surgery
Eds: Henderson HP, Kelly MJ, London, John Wright 1987.

Sympathectomy for chronic arterial ischaemia
Campbell WB
In: Indications in Vascular Surgery
Ed: Greenhalgh RM
London WB Saunders 1987; pp401-18.

Historical aspects of amputation and the development of lower limb prosthesis
Campbell WB, Thornberry D
In: Limb Salvage and Amputation for Vascular Disease
Ed: Greenhalgh RM, Jamieson CW, Nicolaidis AN
London WB Saunders 1988 pp 321-30.

What should we do when the knee joint cannot be saved?
Campbell WB, Thornberry D
In: Limb Salvage and Amputation for Vascular Disease
Ed: Greenhalgh RM, Jamieson CW, Nicolaidis AN
London WB Saunders 1988 pp 351-60.

Current status of sympathectomy for chronic arterial ischaemia.
Campbell WB
In: Surgery in Europe - Volume II
Eds: Stipa S, Cavallaro A
Rome Ares-Serono Symposia 1991 pp 131-44

How can we prevent complications from elective aortic surgery?

Campbell WB

In: Vascular Surgery: current questions.

Eds: Barros d'Sa AAB, Bell PRF, Darke SG, Harris PL

Oxford Butterworth Heinemann 1991 pp 70-84.

Can reported carotid surgical results be misleading?

Campbell WB

In: Surgery for Stroke

Eds: Greenhalgh RM, Hollier LH

London WB Saunders 1993 pp.331-7.

Femorodistal grafts

Campbell WB

In: Clinical Problems in Vascular Surgery

Eds: Galland RB, Clyne CAC.

London. Edward Arnold. 1994. pp 55-61.

Arterial Emboli.

Campbell WB

In: The Oxford Textbook of Surgery.

Eds: Malt RA, Morris PJ

Oxford Oxford University Press 1994 pp 445-51

+ second edition 1999

Complications of aortic surgery.

Campbell WB

In: Arterial Aneurysms: Diagnosis and Treatment

Ed: Horrocks M

Oxford Butterworth Heinemann 1995 pp.124-39.

The following chapters in:

Complications in arterial surgery: a practical approach to management.

Ed. Campbell WB.

Oxford. Butterworth Heinemann. 1996.

1. Risk management and medicolegal aspects of arterial surgery.
2. Haemorrhagic problems.
3. Infrarenal aortic surgery.
4. Graft sepsis.
5. Interpreting the literature.

What are the benefits of adjuvant drug therapy? Association with femoropopliteal and distal bypass or angioplasty.

Campbell B.

In: The trials and tribulations of vascular surgery.

Eds: Greenhalgh RM, Fowkes FGR.

London. W.B. Saunders. 1996. pp. 53-61.

Haemorrhagic problems.

Campbell WB

In: Emergency Vascular Practice

Eds: Chant ADB, Barros d'Sa AAB

London. Edward Arnold 1997. pp. 18-23.

Are patients with varicose veins at special risk of thromboembolism?

Campbell B.

In: Inflammatory and thrombotic problems in vascular surgery.

Eds: Greenhalgh RM, Powell JT.

London. W.B. Saunders. 1997. pp.289-96.

Campbell, Hewin DF.

When should we operate and when should we not?

In: Indications in vascular and endovascular surgery.Ed: Greenhalgh RM.

London. W.B.Saunders. 1998. pp. 143-151.

Vasospastic and sympathetic disorders.

Campbell B.

In: Essential Vascular Surgery.

Eds: Davies AH, Beard J, Wyatt MJ.

London. W.B.Saunders. 1999. pp. 292-303.

Is there a place for lumbar sympathectomy?

Campbell WB

In: Lower limb ischaemia.

Ed: Myers KA, Nicolaidis AN, Sumner DS.

London. Med-Orion Publishing. 1998. pp. 403-412.

Is the durability of the management of the diabetic foot affected by patient presentation?

Campbell B

In: The durability of vascular and endovascular surgery.

Ed: Greenhalgh RM

London. W.B.Saunders. 1999. pp. 303-316.

Medicolegal implications of evidence based medicine.

Campbell B.

In: The evidence for vascular surgery.

Ed: Earnshaw JJ.

TFM Publishing Ltd. 1999. pp. 203-206.

The following chapters in:

Perioperative Medicine: managing surgical patients with medical problems.

Eds. Nicholls A, Wilson I.

Oxford. Oxford University Press. 2000.

1. Risk management. pp. 11-14.
2. The National Confidential Enquiry into Perioperative Deaths. pp. 15-19.
3. Prophylaxis of venous thromboembolism. pp. 48-53 (this updated for Second Edition 2006).

Complications of thrombolysis and their avoidance.

Campbell B, Kinsella DC.

In: Vascular and Endovascular Opportunities.

Eds: Greenhalgh RM, Powell JT, Mitchell AW.

London. W. B. Saunders. 2000. Pp. 505-516.

Arterial emboli.

Campbell B.

In: Oxford Textbook of Surgery (second edition).

Eds: Morris PJ, Wood WC.

Oxford. Oxford University Press. 2000. pp. 909-915.

Prophylaxis of venous thromboembolism.

Campbell B.

In: Oxford Handbook of Anaesthesia.

Eds: Wilson I, Allman K.

Oxford. Oxford University Press. 2001. Pp 11-14.

Revised for second edition 2004.

Medicolegal aspects of emergency vascular care.

In: Emergency vascular and endovascular surgery.

Eds: Barros D'Sa AAB, Andros G, Chant ADB.

London. Arnold. 2000.

Commentary on: Advice on writing style. Farndon JR.

In Eds. Schein M, Farndon JR, Fingerhut A.

A surgeon's guide to writing and publishing. Kemberton, Shropshire. Tfm Publishing. 2001. pp 85-86.

Below knee thrombus merits treatment.

In Eds. Greenhalgh RM, et al.

Evidence for vascular or endovascular reconstruction. London. WB Saunders. 2002. pp. 434-438.

Saphenofemoral ligation and stripping is the method of choice for treating long saphenous varicose veins.

In Eds. Greenhalgh RM, et al.

Vascular and endovascular controversies. London. BIBA Publishing. 2003. pp.363-368.

Alternative endovascular methods for treating varicose veins.
In Eds. Wyatt MG, Watkinson AF. Endovascular intervention: current controversies.
Shrewsbury. tfm publications. 2004. pp. 277-284.

Campbell B, Dent T.
Establishing the New Interventional Procedures Programme at NICE.
In Eds. Rawlins M, Littlejohns P. Delivering quality care in the NHS 2004. London.
National Institute for Clinical Excellence. 2004. pp 168-170.

Lee R, Campbell B.
Audit and clinical governance.
In Eds. Thomas D, Thompson J, Ridler B. A manual for blood conservation.
Shrewsbury. tfm publications. 2005. pp 241-250.

Watkinson AF, Campbell WB.
Unusual types of deep vein thrombosis.
In Ed. Earnshaw JJ. Rare vascular disorders. tfm publications. 2005. pp

Campbell WB.
Vascular surgery.
In Eds. Payne-James J, Byard RW, Corey TS, Henderson C.
Encyclopaedia of forensic and legal medicine. Oxford. Elsevier. 2005. pp 315-318.

Lynch CB, Keith LG, Campbell B.
Internal iliac (hypogastric) artery ligation for postpartum haemorrhage.
In Eds. Lynch CB, Keith L, Lalonde A, Karoshi M. Kirkmahoe. Sapiens. 2006. pp

Campbell B.
Medicolegal aspects.
In Eds. Labropoulos N, Sannsby G.
Venous and lymphatic diseases. New York. Taylor and Francis. 2006. pp. 347-354.

Standard surgery for varicose veins still wins.
In Eds. Greenhalgh RM.
More vascular and endovascular challenges. London. BIBA Publishing. 2007.
pp.381-388.

Complications related to diabetes in vascular patients.
In Eds. Wyatt MG, Earnshaw JJ.
Complications of Vascular & Endovascular Surgery: How to get out of trouble! TFM
Publishing. 2011. pp. 43-51.

Contributions to: Oxford Handbook of Anaesthesia
Eds. Allman KG, Wilson IH. Oxford University Press. Each edition - most recent
2015.

NICE guidance and blood management.
In Eds. Thomas D, Thompson J, Ridler B. Shrewsbury. tfm Publishing. 2016. pp
91-104.

EDUCATIONAL VIDEOS/PODCASTS.

In the series "Perspectives in vascular disease" produced by Update (1985):-

1. Peripheral vascular disease (author).
2. Acute arterial occlusion (joint author with Collin J. and Cobbe S.).

Podcast: Vascular Surgery in the elderly. British Journal of Surgery. November 2015.

PATIENT INFORMATION MATERIAL.

Information booklets for patients for the Royal Devon and Exeter Healthcare Trust, including varicose veins and varicose vein operations, aortic aneurysms (initially traditional surgery and later stent grafting), carotid endarterectomy, bypass grafts to the legs, intermittent claudication, balloon angioplasty and stenting, venous thrombosis and air travel, sclerotherapy, and foam sclerotherapy for varicose veins. Regularly update all these, including the views of all relevant colleagues. Had previously written general surgical booklets - appendicectomy, hernias, hernias and hydroceles in children, orchidopexy.

Established the patient information website of the Vascular Surgical Society (2000) in association with the Centre for Health Information Quality. Wrote the patient information material on varicose veins (2000).

British Medical Association book for patients "Understanding Varicose Veins"(see Books – 2000: updated 2002, 2003, 2006, 2011).

NHS Choices - web presentations on varicose veins and aortic aneurysms 2007:

<http://www.nhs.uk/Conditions/Varicose-veins/Pages/Questionstoaskpg.aspx?url=Pages/Questionstoasktab.aspx>
<http://www.nhs.uk/Conditions/repairofabdominalaneurysm/Pages/Questionstoaskpage.aspx?url=Pages/Questionstoask.aspx>

British Medical Association web based patient information on Aortic Aneurysms: first in new series 2009 (see "Books").

ABSTRACTS.

Vasectomy: a risk factor in atherogenesis?

Slack RWT, Clifford PC, Campbell WB, Smith PJB, Baird RN
British Journal of Surgery 1981; 68: 821.

Long term effects of vasectomy on the distensibility of the arteries of the lower limbs.

Campbell WB, Slack RWT, Clifford PC, Smith PJB, Baird RN
In: European Surgical Research (Eds: Dionigi R, Dominioni L, Campari M) Basel:
Karger 1982; p 141.

Differential diagnosis of arterial disease of the lower limb using Doppler ultrasound.

Skidmore R, Cole S, Baird RN, Campbell WB, Woodcock J
Ultrasound in Medicine and Biology 1982; 8 (suppl 1): 180.

Prostaglandin E1 in the treatment of lower limb ischaemia

Telles G, Campbell WB, Wood RFM, Morris PJ, Baird RN, Collin J
British Journal of Surgery 1983; 70: 387-8.

Ultrasonic assessment of percutaneous transluminal angioplasty

Campbell WB, Cole SEA, Jeans WD, Baird RN
Proceedings of the 14th Annual meeting of the British Medical Ultrasound Society
1982; p 25.

Gruntzig dilatation of the iliac and femoral arteries

Campbell WB
Bristol Medico-Chirurgical Journal 1982; 97: 31.

Transluminal angioplasty - an alternative to bypass grafting

Campbell WB, Cole SEA, Jeans WD, Baird RN
Proceedings of the Association of Surgeons of Great Britain and Ireland 1983; p 24.

Outcome of transluminal angioplasty in the lower limbs

Campbell WB, Jeans WD, Cole SEA, Baird RN
British Journal of Surgery 1983; 70: 305.

Detection of early arterial disease by Doppler waveform analysis.

Campbell WB, Skidmore R.
Journal of Physiology 1983; 342: 310.

Doppler waveform analysis in the diagnosis of aortoiliac disease

Campbell WB, Cole SEA, Skidmore R, Evans DH, Baird RN
Proceedings of the British Medical Ultrasound Society June 1983 (London)
Estimating the haemodynamic effect of aortoiliac stenosis
Campbell WB, Cole SEA, Skidmore R, Baird RN
British Journal of Surgery 1983; 70: 689.

The clinician and the vascular laboratory in the assessment of aortoiliac stenosis.

Campbell WB, Cole SEA, Skidmore R, Baird RN
British Journal of Surgery 1984; 71: 307.

The variability of arterial Doppler waveforms
Campbell WB, Skidmore R
British Journal of Radiology 1985; 58: 278.

Evaluation of the distal lower limb arteries by Doppler ultrasound
Campbell WB, Hands LJ, Fletcher EWL
British Journal of Radiology 1985; 58: 688

Auditing the vascular surgical audit.
Campbell WB, Souter RG, Collin J, Morris PJ, Kidson IG,
Wood RFM
British Journal of Surgery 1985; 72: 321

A comparison of Doppler and arteriography in the assessment of distal lower limb
arteries.
Campbell WB, Hands LJ, Fletcher EWL
British Journal of Surgery 1985; 72: 402

Which balloon embolectomy catheter?
Fleischl JM, Niblett P, Campbell WB
Proceedings of the Surgical Club of South West England
(awarded Registrar's Prize).

Comparative study of balloon embolectomy catheters.
Fleischl JM, Niblett PG, Campbell WB
British Journal of Surgery 1988; 75: 393

A comparative study of balloon embolectomy catheters
Fleischl JM, Niblett P, Campbell WB
Proceedings of the surgical Club of South West England

Postoperative care in abdominal aortic surgery: the first 48 hours.
Campbell WB, Goodman DA, Ballard PK
British Journal of Surgery 1990; 77: A350.

Pulses, pressures and people.
Magee TR, Al Mufti R, Stanley PRW, Simpson L, Campbell WB
West of England Medical Journal 1990; 105: 131.

Arterial embolectomy - a long term perspective
Varty K, St Johnston J, Beets G, Campbell WB
West of England Medical Journal 1990; 105: 130

Embolus vs. Thrombosis - early diagnosis and surgical treatment
Campbell WB
Proceedings of the 92 Congres Francais de Chirurgie 11-22
What is the prognosis for 'non vascular leg pain'?
Varty K, Van Dorpe J, St. Johnston JA, Campbell WB
West of England Medical Journal 1991; 106: 86-7.

Reinforced vascular grafts: a comparative study.
Magee TR, Niblett PG, Campbell WB
West of England Medical Journal 1991; 106:87.

Automatic digital sphygmomanometers: a simple method for measuring ankle
systolic pressure
Bennett D, Hendricks M, St. Johnston J, Campbell WB
British Journal of Surgery 1992; 78: 360.

Quality of life after surgery for abdominal aortic aneurysm
Magee TR, Scott DJ, Dunkley A, St. Johnston J, Campbell WB, Baird RN, Horrocks M
West of England Medical Journal 1992;7:58.

Complications of arterial grafting 1987-91.
Tambeur L, Geens V, Campbell WB
West of England Medical Journal 1992; 7: 58.

Lower limb amputation and rehabilitation 1987-91.
Campbell WB, Rutter EA, St. Johnston JA, Kernick VFM
West of England Medical Journal 1992; 7: 59.

Duplex scanning from scratch.
Wyatt MG, Niblett PG, Bennett DH, Phillips SL, James ED, Campbell WB
West of England Medical Journal 1992; 7: 59.

Automated sphygmomanometers for measuring ankle pressure.
Bennett D.H., Hendrickx M., St. Johnston J.A., Campbell W.B.
West of England Medical Journal 1992; 7: 6

Outpatient clinic followup after arterial reconstruction: is it necessary?
Dunn J., Elliott T., Lavy J., Bell A, Kernick V.F.M.,
Campbell W.B.
British Journal of Surgery 1993; 80: 527.

Starting femorotibial bypass in a District Hospital.
Wyatt MG, Tambeur LJMT, Kernick VFM, Clark H, Campbell WB
West of England Medical Journal 1993; 7: 85.

Is regular outpatient followup necessary after arterial reconstruction?
Elliott T, Dunn JM, Lavy J, Bell A, Kernick VFM, Campbell WB
West of England Medical Journal 1993; 7: 85-6.

Intraoperative heparinization reduces the risk of myocardial infarction during elective aortic surgery. Thompson J, Clyne CAC for the Joint Vascular Research Group.
British Journal of Surgery 1994; 81: 614.

A selective approach to varicose veins.
Aertssen A, Halim AS, Ridler BMF, Thompson JF, Campbell WB
Proceedings of the South West Vascular Surgeons 1994.

Special investigations for venous disease: how often are they needed?
Campbell WB, Aertssen, Halim AS, Ridler BMF, Thompson JF.
Proceedings of the Venous Forum of the Royal Society of Medicine. October 1994.

Outcome of amputation in diabetic feet.
Usman SA, Taheri S, Sugiono M, Campbell WB.
Proceedings of the South West Vascular Surgeons 1995.

Providing an acute vascular service within a department of general surgery.
Campbell WB, Ridler BMF, Thompson JF.
British Journal of Surgery 1995; 82: 553-4..

Simplifying exercise tests for peripheral arterial disease.
Amirhamzeh MR, Chant HJ, Rees JL, Hands, Campbell WB.
Proceedings of the South West Vascular Surgeons 1996.

The decision to amputate.
Amirhamzeh M, Rees JL, Chant HJ, Campbell WB, Thompson JF.
Proceedings of the South West Vascular Surgeons 1996.

Mass removal of contaminants during intraoperative autotransfusion.
Ridler B, Marshall J, Telford RJ, Ballard P, Boaden W, Campbell WB, Thompson JF.
Eds. Smallwood JA, Karran SJ, Johnson C, Shearman C.
European Surgical Research. Basel. Karger. 1996.

A comparative study of heel raising against treadmill exercise for peripheral arterial disease.
Amirhamzeh MMR, Chant HJ, Rees JL, Hands LJ, Campbell WB.
Eds. Smallwood JA, Karran SJ, Johnson C, Shearman C.
European Surgical Research. Basel. Karger. 1996. p. 79.

Outpatient clinic rapid evaluation of varicose veins by different Doppler techniques: accuracy compared with duplex scanning.
Campbell WB, Niblett PG, Ridler BMF, Peters AS, Thompson JF.
British Journal of Surgery 1996; 83 (Suppl. 1): 17.

Management of acute lower limb ischaemia in the United Kingdom and Ireland.
Campbell WB, Ridler BMF, Szymanska TH, on behalf of the Audit Committee,
Vascular Surgical Society of G. B. and Ireland.
British Journal of Surgery 1997; 84: 573..

What were you doing when your graft blocked?
Smith FCT, Penny L, Millen K, Ridler BMF, Campbell WB, Thompson JF.
Proceedings of the South West Vascular Surgeons 1997.

Would patients prefer sclerotherapy or surgery for their varicose veins?
Dimson SR, Campbell WB, Bickerton D.
Proceedings of the South West Vascular Surgeons 1997.

Vascular Surgical Society audit of acute lower limb ischaemia: outcomes of treatment and results of a validation exercise.
Campbell WB, on behalf of the Audit Committee of the Vascular Surgical Society of Great Britain and Ireland.
British Journal of Surgery 1998; 85: 566.

Gentamicin beads in vascular surgery: indications, and results of long term implantation.

Campbell WB, Benaerts PJ, Thompson JF, Ridler BMF.
Proceedings of the South West Vascular Surgeons 1998.

What were you doing when your graft blocked?

Smith FCT, Penny L, Ridler BMF, Campbell WB, Thompson JF
British Journal of Surgery 1998; 85 (Suppl.1): 94.

Hewin DF, Campbell WB.

Ruptured aortic aneurysm: the decision not to operate.
British Journal of Surgery 1998; 85 (Suppl 1.): 95.

Anaesthesia and analgesia for major lower limb amputation.

Proceedings of the South West Vascular Surgeons 1999.

Current thoughts on Advanced Trauma Life Support (ATLS) training.

Campbell WB, Heal JS, Evans SJ, Marriott S.
Proceedings of the History of Anaesthesia Society 1999 (in press).

Long-term results following operation for diabetic foot problems: arterial disease confers a poor prognosis.

Campbell WB, Ponette D, Sugiono M.
British Journal of Surgery 1999; 86 (Suppl. 1): 111-112.

Advanced Trauma Life Support (ATLS): what do trainees think?

Heal JS, Campbell WB, Evans SJ, Marriott S.
Proceedings of the Surgical Club of South West England. May 1999.

Long term results following operation for diabetic foot problems: arterial disease confers a poor prognosis.

Campbell WB, Ponette D, Sugiono M. British Journal of Surgery 1999; 86 (Suppl. 1): 111-2.

Amputation for acute ischaemia – a high risk procedure.

Campbell WB, Marriott S, Eve R, Mapson E, Sexton S, Thompson JF. Proceedings of the South West Vascular Surgeons. March 2000.

Medicolegal claims for vascular problems. Campbell WB on behalf of the Audit and Research Committee of the Vascular Surgical Society of Great Britain and Ireland. British Journal of Surgery 2001; 88: 608.

Ten year results of varicose vein surgery using different outcome measures.

Allington KL, Kumar AV, Collin TW, Campbell WB. Proceedings of the South West Vascular Surgeons. March 2001. (Presentation won First Prize for the meeting).

Campbell WB, Lee EJK, Van de Sijpe K, Gooding J, Cooper MJ. The changing profile of emergency surgical admissions: a study of the years 1974-1998. British Journal of Surgery 2001; 88 (Suppl. 1): 23.

Laparoscopic appendicectomy: still a minority procedure.
Noble H, Fallagher P, Campbell B. Proceedings of the Surgical Club of South West England. November 2001.

What skills should students demonstrate when examining lower limb arteries and veins?

Campbell WB, Aitken M, Tooke JE.
Proceedings of the South West Vascular Surgeons. March 2002.

Case mix in recruitment to a randomised controlled trial of varicose vein treatment.
Michaels JA, Campbell WB, Palfreyman SJ, Rigby K, Allington K for the Randomized and Economic Assessment of Conservative and Therapeutic Interventions for Varicose Veins Trial Participants.
British Journal of Surgery 2002; 89: 507.

Carotid artery stenoses: who needs urgent investigation and how are their stenoses measured?

Bulbulia RA, Shore S, Thompson JF,
De Cossart L, Campbell WB.
Proceedings of the South West Vascular Surgeons. March 2003.

Vascular surgical emergencies – the tip of an iceberg among urgent referrals.
Horwood J, Maguire M, Ridler BMF, Cowan AR, Thompson JF, Campbell WB.
Proceedings of the South West Vascular Surgeons. March 2003.

True emergencies inform a minority of emergency vascular referrals.
Maguire M, Horwood J, Ridler BMF, Cowan AR, Thompson JF, Campbell WB.
British Journal of Surgery 2003; 90 (Suppl. 1): 62.

Patients' concerns and problems with central venous access devices related to their site of insertion.

Sheldon C, Elworthy S, Campbell WB, Peerlinck I, Vanslembroek K, Bangur R, Stableforth D.
Journal of Cystic Fibrosis 2003; 2 (Suppl 1): S109.

Assessing the safety and efficacy of interventional procedures: a new programme at the National Institute for Clinical Excellence.

Dent THS, Campbell B and Littlejohns P.
Improving Outcomes through Health Technology Assessment: the annual conference of the International Society for Technology Assessment in Health Care, Canmore, Canada, 2003

The assessment of interventional procedures' safety and efficacy.

Dent THS, Campbell B and Littlejohns P.
Global Evidence for Local Decisions: the Fifth International Conference on the Scientific Basis of Health Services. Washington DC, 2003.

Placement of central venous access devices: a study of patient experiences.
W. B. Campbell, S. Elworthy, I. Peerlinck, K. Vanslembroek, R. Bangur, D.
Stableforth, C. D. Sheldon.
Proceedings of the South West Vascular Surgeons. 2004.

Vascular Surgeons in Great Britain and Ireland are divided in their management of short saphenous varicose veins and could be placing themselves at medicolegal risk.

Winterborn RJ, Campbell WB, Heather BP, Earnshaw JJ.
Proceedings of the South West Vascular Surgeons. 2004.

The safety and efficacy of new interventional procedures: published evidence and clinical guidance. (Poster presentation).

Dent T, Wortley S, Campbell B.

One HTA – yesterday, today & tomorrow. HTA International conference. Krakow, Poland. 2004.

A prospective clinical trial of the management and outcome of uncomplicated varicose veins.

Palfreyman SJ, Michaels JA, CampbellWB, Brazier JE, MacIntyre JB, Ratcliffe J, Rigby K.

British Journal of Surgery 2005; 92: 506.

Randomised trial of treatment for uncomplicated varicose veins: surgery is clinically and cost effective.

Michaels JA, CampbellWB, Brazier JE, MacIntyre JB, Palfreyman SJ, Ratcliffe J, Rigby K.

British Journal of Surgery 2005; 92: 506-7.

What services are available to patients with venous ulcers around the UK and how are they managed?

Thomson HJ, MacIntyre JB, Coward C, Michaels JA, Campbell WB.

Proceedings of the South West Vascular Surgeons. March 2005.

Use of a pneumatic tourniquet improves outcome following trans-tibial amputation.

Wolthius AM, Whithead E, Ridler BMF, Cowan AR, Campbell WB, Thompson JF.

Proceedings of the South West Vascular Surgeons. March 2005.

A comprehensive survey of venous ulcer services in the United Kingdom.

Thomson HJ, MacIntyre JB, Coward C, Michaels JA, Campbell WB.

Phlebology 2005 (in press).

Does stripping the short saphenous vein cause nerve damage?

Vandenbroek CP, Heather BP, Whitman B, Earnshaw JJ, on behalf of the Joint Vascular Research Group (*my name omitted in error from title*)

Phlebology 2005

Most patients with varicose veins have fears or concerns about the future, in addition to their presenting symptoms.

H. Decaluwe, J. MacIntyre, J. F. Thompson, A. R. Cowan, W. B. Campbell.
British Journal of Surgery 2005; 92 (Suppl): 76.

The NICE intervention programme – is the way forward?

Campbell B.

Italian Journal of Public Health 2005; 2 (Suppl 1): 82.

Use of a pneumatic tourniquet improves outcome following trans-tibial amputation.

Wolthuis AM, Whitehead E, Ridler BM, Cowan AR, Campbell WB, Thompson JF.

Transfusion Medicine 2005; 15 (Suppl 1): 5.

Prospective study of short saphenous varicose vein surgery: 6 week results.

Vandenbroek CP, Winterborn RJ, Hoult S, Campbell WB, Heather BP, Earnshaw JJ, on behalf of the Joint Vascular Research Group.

British Journal of Surgery 2006

Diagnosis of ovarian vein varicosities as an underlying cause of lower limb varicose veins.

Horwood J, Campbell WB, Kinsella DC, Watkinson AF, Thompson JF, Cowan AR.

Proceedings of the South West Vascular Surgeons. March 2006.

Rationing of treatment for varicose veins and the use of new treatment modalities: a survey of practice in the United Kingdom and Ireland.

Lindsey B, Campbell WB.

Proceedings of the South West Vascular Surgeons. March 2006.

The evidence used for guidance on safety and efficacy of new interventional procedures.

Campbell B, Barnes S, Wortley S, Willett S, Kirby R.

Proceedings of the IV Annual Meeting Health Technology Assessment International. 2006.

Stripping improves the results of short saphenous surgery at one year.

O'Hare L, Vandenbroek C, Whitman B, Hoult S, Campbell WB, Earnshaw JJ on behalf of the Joint Vascular Research Group.

Vascular Society of GB and I. November 2006.

Br J Surg 2007

Influence of research, operator and conflict of interest status of expert advisers on their opinions about the efficacy and safety of interventional procedures.

Hoy A, Lyratzopoulos G (presenter), Veeramootoo D, Shanmuganathan N, Campbell B.

IV Annual Meeting Health Technology Assessment International. Barcelona. June 2007.

Health technology assessment methods used in producing guidance on safety and efficacy of interventional procedures. (Poster).
Marlow M, Lyratzopoulos G, Campbell B.
IV Annual Meeting Health Technology Assessment International. Barcelona. June 2007.

Citizen participation in the production of guidance on safety and efficacy of interventional procedures. (Poster).
Pearl J, Lyratzopoulos G, Marlow M, Campbell B.
IV Annual Meeting Health Technology Assessment International. Barcelona. June 2007.
Final programme abstract No M-035.

Future patient preference for either open abdominal aortic aneurysm surgery or EndoVascular Aneurysm Repair and factors that influence it.
Winteborn RJ, Amin I, Lyratzopoulos G, Walker, Varty K, Campbell WB.
Proceedings of the South West Vascular Surgeons. Southampton, March 2008.

Mixed effects of short saphenous vein surgery on the deep venous circulation.
O'Hare JL, Campbell WB, Earnshaw JJ (on behalf of the JVRG).
Proceedings of the Venous Forum. London. April 2008.

Short saphenous vein surgery – preoperative duplex useful, SPJ marking not.
O'Hare JL, Campbell WB, Earnshaw JJ (on behalf of the JVRG).
Proceedings of the Venous Forum. London. April 2008.

Clinical criteria in the diagnosis of ovarian vein reflux in patients with varicose veins.
Ahmad Z, CampbellWB, Horwood J, Watkinson A, Kinsella D, Cowan A, Thompson J.
Proceedings of the Venous Forum. London. April 2008.

Future patient preference for either open abdominal aortic aneurysm surgery or EndoVascular Aneurysm Repair and factors that influence it.
Winteborn RJ, Amin I, Lyratzopoulos G, Walker, Varty K, Campbell WB.
Association of Surgeons of Great Britain and Ireland (Poster presentation).
May 2008.

The use of NICE's Health Technology Assessment methodology to produce clinical and cost-effective patient safety solutions.
Garner S, Marlow M, Campbell B, Barnes S, Venter B, Littejohns P.
2nd International Patient Safety Congress. 2008.

Randomised Controlled Trial of Anti-Microbial Agents for the Treatment of Venous Leg Ulcers.
Michaels JA, King B, MacIntyre JB, Palfreyman SJ, Shackley PM, Stevenson MD, Campbell WB.
VSGBI 2008 (BJS online)

Promoting early activity after varicose vein surgery – a challenge for vascular specialists.

Darwood RJ, Walker N, Bracey M, Cowan AR, Thompson JF, Campbell WB. South West Vascular Surgeons. Cheltenham. March 2009.

The CLASS trial (Comparison of LAser, Surgery and foam Sclerotherapy): the challenge of recruitment.

Park L, Thompson JF, Cowan AR, Campbell WB. South West Vascular Surgeons. Cheltenham. March 2009.

Return to work, driving and other activities after varicose vein surgery is very variable and is influenced little by advice from specialists.

Darwood RJ, Walker N, Bracey M, Cowan AR, Thompson JF, Campbell WB. Venous Forum of the Royal Society of Medicine. April 2009.

What should we use as the “gold standard” for auditing venous thromboembolism prophylaxis and how should we stratify risk?

Harrower L, Robinson D, Veeramootoo D, Gee A, Wajed S, Campbell WB. British Journal of Surgery 2009; 96 (Suppl 4): 157.

Utility of short term register data in health technology assessment where the evidence base is poor.

Gallaugh S, Patrick H, Wheeler R, Wilson R, Chattle M, Czoski-Murray C, Campbell B.

Healthcare Technology Assessment International. Singapore June 2009.

Investigating the belief that contact between consultant teams could influence the clustering of relatively novel surgical procedures: A cross-sectional survey using hospital statistics data.

Hoy A, Lyrtzopoulos G, Campbell B, Marlow M, Patrick H.

Healthcare Technology Assessment International. Singapore June 2009.

Intraoperative Cell Salvage (ICS) Improves Survival Following Emergency Repair of Ruptured Abdominal Aortic Aneurysm.

Sharma A, Bani-Hani MG, Ridler BMF, Telford R, Cowan AR, Campbell WB, Thompson JF.

Transfusion Medicine 2009; 19 (Suppl 1): 41.

Using a model of communication to evaluate and enhance printed information for patients about treatments for varicose veins. Forrest A, Francis J, Cotton S, Garner M, Campbell B, Brittenden J. UK Society for Behavioural Medicine 5th Scientific Meeting/NPRI Annual Scientific Meeting. Southampton. 2009. (Poster presentation).

Intraoperative cell salvage (ICS) is associated with lower mortality than homologous blood transfusion (HBT) in ruptured aortic aneurysm (RAAA).

Sharma A, Bani-Hani M, Roder BMF, Campbell WB, Thompson JF.

Transfusion Alternatives in Medicine 2010; 11(suppl 2): 26.

Making endovascular aneurysm repair (EVAR) cost effective.

Fysh T, Thompson J, Chana P, Boddy A, Epstein D, Campbell B, Cowan A, Kinsella D, Watkinson A, Guinness R.

British Journal of Surgery 2010; 94(S): 58.

Keeping healthcare technology assessment of new interventional procedures 'up-to-date': A case study. Barnes S, Stegenga H, Peden S, Campbell B, Lyrtzopoulos G. Health Technology Assessment International. Dublin. June 2010. (Poster presentation).

Can routine data sources be used to monitor innovation and develop the HTA evidence base? Poster). Peden S, Patrick H, White B, Cunningham D, Campbell B. Health Technology Assessment International. Dublin. June 2010. (Poster presentation).

Investigating high amputation rates in diabetics. Guy A, Hall C, Donohoe M, Warren R, McCarthy R, Campbell B. South West Vascular Surgeons. Cardiff. March 2011.

Local sequelae of ultrasound guided foam sclerotherapy (UGFS) are common but are little influenced by technique. Whelan-Johnson S, Park L, Niblett P, Thompson JF, Campbell B.

Venous Forum. London. April 2011.

Routine health service information can be a useful source of data to validate and improve the coverage of observational data. Patrick H, Goode S, VA, Cleveland T, Gaines P, Campbell B. Health Technology Assessment International. Rio de Janeiro. June 2011.

The decline in varicose vein referrals. Campbell B, Park L, Thompson JF, Cowan AR, Birchley DW.

South West Vascular Surgeons. Worcester. March 2012.

Medical technology evaluation I: an innovative approach to identifying promising technologies. McCracken F, Campbell B, Campbell M, Marlow M. Health Technology Assessment International 9th Annual meeting. Bilbao. June 2012.

Medical technology evaluation II: catalysing the development of primary clinical evidence for promising technologies. Pomfrett C, Campbell B, Pugh P, Campbell M, Marlow M. Health Technology Assessment International 9th Annual meeting. Bilbao. June 2012.

Who notifies new procedures requiring evaluation and what guidance is then published about their use? Ten years of NICE experience in the UK. Patrick H, Mandava L, Murthy L, Gallo H, Ong KJ, Stainthorpe A, Campbell B. Health Technology Assessment International 9th Annual meeting. Bilbao. June 2012.

How often is percutaneous transluminal angioplasty (PTA) and arteriography feasible as a day case? Platt E, Stokes J, Cowan A, Thompson JF, Campbell WB, Kinsella D, Guinness R, Watkinson A, Birchley D. South West Vascular Surgeons.

Plymouth. March 2013.

The value of registers for medical devices and procedures – how to assess it?
